Amended Audited Financial Statements

For the year ended December 31, 2025 & 2024

AND

Independent Auditor's Report

STATEMENT OF MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL STATEMENTS

The Management of **MIKATA PRIME CORPORATION** is responsible for the preparation and fair presentation of the financial statements, including the schedules attached therein, for the year ended December 31, 2025 in accordance with the prescribed financial reporting framework indicated therein, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the **MIKATA PRIME CORPORATION's** ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate **MIKATA PRIME CORPORATION** or to cease operations, or has no realistic alternative to do so.

The Board of Directors is responsible for overseeing **MIKATA PRIME CORPORATION's** financial reporting process.

The Board of Directors reviews and approves the financial statements, including the schedules attached therein, and submits the same to the stockholders.

Girlie P. Rodriguez is the independent auditor appointed by the stockholders, has audited the financial statements of the **MIKATA PRIME CORPORATION** in accordance with Philippine Standards on Auditing, and in her report to the stockholders has expressed her opinion on the fairness of presentation upon completion of such audit.

INDEPENDENT AUDITOR'S REPORT

To The Board of Directors
MIKATA PRIME CORPORATION
LOT 27 BLOCK 2 AND LOT 25 BLOCK 2 SAN AGUSTIN VALLEY HOMES CARMEN 9000,
CITY OF CAGAYAN DE ORO, MISAMIS ORIENTAL

Opinion

I have audited the amended financial statements of **MIKATA PRIME CORPORATION**. Which comprise the statement of financial position as of December 31, 2025 & 2024, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2025 & 2024, and its financial performance and its cash flows for the year then ended in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

I conducted my audit in accordance with Philippine Standards on Auditing (PSAs). My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am an independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the ethical requirements that are relevant to my audit of the financial statements in the Philippines, the Code of Ethics for Professional Accountants in the Philippines (Philippine Code of Ethics), and I have fulfilled my other ethical responsibilities in accordance with these requirements and the IESBA Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. I describe these matters in my auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Supplementary Information Required Under Revenue Regulation 15-2010

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information in the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of management. The information has been subjected to the auditing procedures applied in my audit of the basic financial statements. In my opinion, the information is fairly stated in all material respects to the basic financial statements taken as a whole.

MIKATA PRIME CORPORATION

Amended Audited Financial Statements - 2025

Page | 4

NOTES TO FINANCIAL STATEMENTS
As of December 31, 2025

Note 1
General Information

Organization

MIKATA PRIME CORPORATION is a domestic corporation duly organized in accordance with laws of Republic of the Philippines and registered with the Securities and Exchange Commission (SEC) on July 18, 2024 having a Certificate of Registration No. 2024070160175-01. The primary objectives for which the Company was organized are basically, as follows:

- To provide high-quality construction services, including building, renovation, and maintenance, to residential, commercial, and industrial clients, ensuring safety, efficiency, and satisfaction.

Office Address

The principal place of business is located at (Lot 27 Block 2 and Lot 25 Block 2 San Agustin Valley Homes Carmen 9000, City of Cagayan de Oro, Misamis Oriental).

Approval of Financial Statements

The financial statement was authorized for issue by the Board of Directors on May 25, 2026.

Note 2
Summary of Significant Accounting Policies

Basis of Preparation

This set of financial statements was prepared by the Company in accordance with Philippine Financial Reporting Standard for Small Entities (the "Framework") as approved by the Financial Reporting Standards Council, Board of Accountancy, and Securities and Exchange Commission (SEC). They have been prepared on a historical cost basis.

Financial Instruments

A financial instrument is any contract that gives rise to both a financial asset of one entity and a financial liability or equity instrument of another entity. A financial instrument is recognized when the entity becomes a party to its contractual provisions. The Company classifies its financial instruments into the following categories: (a) basis financial instruments; and (b) complex financial instruments.

The Company's basic financial instruments consist of cash, trade and other receivables, borrowings, trade and other payables. The Company does not have complex financial instruments.

Basic Financial Instruments

Initial Measurement

On initial recognition, a debt financial instrument is measured at transaction price (including transaction cost), unless the arrangement is in effect a financing transaction. In this case, it is measured at present value of the future payment discounted using a market rate of interest for a similar debt instrument.

Subsequent Measurement

The Company's debt financial instruments are subsequently measured at amortized cost using the effective interest method.

Impairment of Financial Instruments Measured at Amortized Cost

At each reporting date, the Company assesses whether there is objective evidence of impairment on any financial assets that are measured at amortized cost. Where there is any objective evidence of impairment, an impairment loss is recognized immediately in profit or loss.

The impairment loss is the difference between the asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate.

Derecognition of Financial Assets

An entity only derecognizes a financial asset when the contractual rights to the cash flows from the assets have expired or are settled, or the entity has transferred to another party substantially all the risks and rewards of ownership relating to the financial asset.

Derecognition of Financial Liabilities

Financial liabilities are derecognized only when these are extinguished – that is, when the obligation is discharged, cancelled, or has expired.

Cash

Cash comprises cash in bank, which are subject to insignificant risk of change in value. These are carried in the books at cost, which approximates market. The business has no cash equivalents at the end of the year.

Trade and other receivables

Trade receivables are recognized initially at the transaction price. They are subsequently measured at amortized cost using the effective interest method, less provision for impairment. A provision for impairment of trade receivables is established when there is objective evidenced that the group will not be able to collect all amounts due according to the original terms of the receivables.

Merchandise Inventories

Merchandise inventories are stated at the lower of cost or market value (i.e., the probable selling price to willing buyers as at the reporting date). Cost is determined using the first-in, first-out (FIFO) method.

Property and Equipment

Property and equipment are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Land is not depreciated. Depreciation on other classes of property and equipment is charged so as to allocate cost of assets less their residual values over their estimated useful lives, using the straight-line method. The estimated useful lives of the Company's depreciable assets are as follows:

Property and Equipment	3 years
------------------------	---------

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, if there is an indication of a significant change since the last reporting period.

Impairment of Non-Financial Assets

Assets that are subject to depreciation or amortization are assessed at each reporting date to determine whether there is any indication that the assets are impaired. Where there is any indication that an asset may be impaired, the carrying value of the asset (or cash-generating unit to which the asset has been allocated) is tested for impairment. An impairment loss is recognized for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs to sell and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows. Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at each reporting group.

Borrowings and Borrowing Costs

Borrowings are recognized initially at the transaction price (that is, the present value of cash payable to the bank, including transaction costs). Borrowings are subsequently stated at amortized cost. Interest expense is recognized on the basis of the effective interest method and is included in finance costs.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting date. All borrowing costs are expensed as incurred.

Trade and Other Payables

Trade payables are obligations on the basis of normal credit terms and do not bear interest. These liabilities are derecognized from the statement of financial position only when the obligations are extinguished either through discharge, cancellation, or expiration.

Provisions

Provisions are recognized when: the Company has an obligation as a result of past event; it is probable that a transfer of economic benefits will be required to settle the obligation; and the amount can be reliably estimated. Provisions are not recognized for future operating losses.

When the effect of time value is material, provisions are measured at the present value of the amount expected to be required to settle the obligation using a pre-tax rate(s) that reflect(s) current market assessments of the time value of money and the risks specific to the obligation. Changes in the provisions due to passage of time are recognized in profit or loss.

Related party relationship and transactions

Related party relationship exists when one party has the ability to control, directly or indirectly through one or more intermediaries, the other party or exercise significant influence over the other party in making financial and operating decisions. Such relationship also exists between and/or among entities which are under common control with the reporting enterprise, or between and/or among the reporting enterprise and their key management personnel, directors, or its shareholder's. In considering each possible related party relationship, attention is directed to the substance of the relationship, and not merely the legal form.

Equity

Ordinary shares are classified as equity.

Equity instruments are measured at the fair value of the cash or other resources received or receivables.

Dividend distribution

Dividend distribution to the company's shareholders is recognized as liability in the group's financial statements in the period in which the dividends are approved by the Company shareholders.

Revenue Recognition

Revenue is from receipts that the company recognized revenue when the goods are sold. Revenue is measured at the fair value of the consideration received or receivable, net of discounts and sales-related taxes collected.

The Company recognized revenue when; the amount of revenue can be reliably measured; it is probable that future economic benefits will flow to the entity; and specific criteria have been met for each of the group's activities, as described below.

Expense Recognition

Expenses are recognized in the statement of profit or loss upon utilization of the assets or services or at the date these are incurred. All costs are reported in the statement of profit and loss on accrual basis.

Income Tax

The Company uses the taxes payable method to account for income taxes. Under this method, the Company recognizes income tax expense and liability based on the taxable income for the year using tax rates that have been enacted or substantively enacted at the reporting date.

Leases

The Company leases certain items of property and equipment. Payments made under leases (net of any incentives received from the lessor) are charged to profit or loss when incurred.

Events after the Reporting Period

Post year-end events that provide additional information about the Company's position at the reporting date (adjustment events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the financial statements when material.

Note 3**Significant Accounting Judgments and Estimates**

The entity's financial statements are prepared in accordance with Philippine Financial Reporting Standard for Small and Medium-sized Entities (PFRS for SMEs) require management to make judgments and estimates that affect amounts reported in the financial statements and related notes. Judgments and estimates are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under circumstances. Actual results may ultimately differ from these estimates.

The amounts and timing of recording of expenses for any period would be affected by changes in these factors and circumstances.

Events after the reporting date

Post year-end events that provide additional information about the Company's position at the reporting date (adjustment events) are reflected in the financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the financial statements when material.

Note 4**Cash and Cash Equivalent**
